

Welcome to Envy

Whether you're here to enjoy the sunset, dinner or just to chill out with friends and music, we do hope that you try one of our innovative cocktails.

Instead of simply providing an endless list of common cocktails, our cocktail list is a little different. We feature a great selection of cocktails which have been created for us and that we are very proud of.

If there is a particular cocktail that you would like but isn't on our menu, please ask one of our service team and we will happily make it for you.

The best cocktails do take a little time, so please allow our bartenders a minute or two to prepare your drinks.

Enjoy!
